HOLI HAI: AMERICAN HINDU COALITION WELCOMES SPRING-2018 WITH A FRIENDS & FAMILY MEMBERSHIP OUTREACH DRIVE!

ASHBURN VIRGINIA - FEBRUARY 14, 2018: American Hindu Coalition (AHC)

marked Valentine's Day by launching a communications campaign to share the good news and the group's remarkable first-year journey with its friends and family network. AHC hopes to empower each member of the AHC leadership to recruit at least ten (10) new members in the Month of March.

Harsh Sethi, AHC President, announced the campaign with the following remarks: "We welcome Holi-2018 with our March-Madness Membership Drive." He added: "We recognize that the secret sauce of the AHC-recipe is that we have come together both as *friends* and as a *family* to lead a political advocacy group with shared values and one that offers members a commitment to deliver results, not hype! We are a bottom-up organization. We are nonpartisan. We are neither Republican, nor Democrat. On the other hand, our issues and our concerns are significant enough to require a united coalition representing a single political voice and bespoke solutions."

Kanchan Banerjee, AHC Communications Director, announced the organization's clarion call to action: "If you like what we are doing, if you follow us in the news, if you liked us on You Tube, if you joined us on Facebook, or if you still need to know more about us, call us at: (202) 590-1512. Anna Ahlund, AHC public affairs coordinator, is very accessible and available to listen." Mr. Banerjee further noted: "If you wish to see change in Washington, be the change! Remember silence is consent and only action gets you results. Read our FAQs. Visit our web site and register now: <http://americanhinducoalition.com/membership.php>. It is that simple."
