AMERICAN HINDU COALITION AT 'HOWDY MODI' CELEBRATION IN HOUSTON

Houston – September 23, 2019 – At an event at Houston's NRG Stadium, the Texas Chapter of the American Hindu Coalition (AHC) joined a historic rally of 50,000 Indo-Texans that brought together President Donald Trump and Indian Prime Minister Narendra to celebrate the extraordinary accomplishments of Indo-Americans to American society and also the growing strength of the Indo-US strategic partnership in the Trump Administration.

President Trump declared: "Prime Minister Modi and I have come to Houston to celebrate everything that unites the United States and India, our shared dreams and bright futures. I've also come to express my profound gratitude to the nearly four million amazing Indian-Americans all across our country. ... You enrich our culture, you uplift our values, and you are truly proud to be American, and we are proud to have you as Americans. We thank you, we love you, and I want you to know my administration is fighting for you every day."

The President further added: "You (India) have never had a better friend as President as President Donald Trump. ... Under PM Modi's leadership, the world is witnessing a strong, sovereign republic of India ... We welcome India's growing investments right here in the lone star state. Nations around the world are investing in the United States because they know we have the best economy and best workers in world. We want to thank everybody and India has never invested in the US like it is doing today, and I want to say it's reciprocal because we're doing the same thing in India. ... Today we honor all of the brave Indian and American military service members who work together to safeguard our freedom. ... We stand proudly in defense of liberty, and we are committed to protecting innocent civilians from radical Islamic terrorism."
